

CARTERET UEZ DOWNTOWN FACADE IMPROVEMENT MATCHING GRANT PHASE 2

CARTERET UEZ DOWNTOWN FACADE IMPROVEMENT MATCHING GRANT PHASE 2 INSTRUCTIONS

Carteret is rebuilding its downtown block by block alongside its state-of-the-art URSB Carteret Performing Arts & Events Center and also redeveloping its waterfront with a ferry service, an Intermodal Transportation Building as the ferry's hub, a movie studio, a hotel, a riverwalk and much more. To compliment this \$3 billion redevelopment, the Carteret Urban Enterprise Zone has funded \$500,000 for Downtown Facade Improvement grants to provide a 3:1 match for facade improvements. Match will be minimum of \$37,500 each on a first-come, first-served basis until funds are exhausted. Downtown UEZ businesses and/or new businesses recruited into the UEZ are eligible recipients. Improvements can include front-facing roof repair, painting, signage, lighting, exterior trim, handicap accessibility, and repair/replacement of awning, windows, doors, step or railing. The Downtown Facade Improvement Fund consists of \$500,000 from the state UEZ.

Funding will enhance UEZ business expansion and will require applicant to specify job creation because of improvements. A five-year lien will be attached to the funding with a claw back that will decrease the lien by 20-percent each year and make the funds forgivable after year 5. The breakdown of the claw back will be 100% after year 1; 80% after year 2; 60% after year 3; 40% after year 4, and forgiven after year 5 of creation.

Businesses will have to demonstrate good credit, business model, experience and equity in machinery, equipment, and when possible, property. They must invest a minimum of \$150,000 into the project for 3:1 match, a \$1 match for every \$4 invested. The applicant must obtain several quotes for the work, to provide proof of reasonable price and utilize the lowest cost responsible vendor. All agreements for any facade improvements are directly between the business and vendor. The Carteret UEZ is not a party to any agreement related to the participating UEZ business' facade improvement project and its vendor. **Prevailing wage must be paid on all labor paid for with UEZ funds as per state UEZ law.**

Participating businesses must have construction plans approved by the Borough of Carteret Construction Code Office in the Borough's Memorial Municipal Building at 61 Cooke Avenue. The facade improvement project must be consistent with the Borough design guidelines and regulations, and be approved by the Borough's planning/zoning/building official. Weekly visits to the project site will be done by the UEZ Coordinator. A bimonthly progress report must be submitted by the business to the UEZ Coordinator to ensure the project meets guidelines and is being completed. Receipts must be provided to Carteret UEZ once a step is completed. Payment will be awarded once work is completed and invoice and photo of work is provided to Carteret UEZ. If work phase is not completed, funds will not be awarded. Once approved, funds will be disbursed in phases.

Carteret Urban Enterprise Zone Downtown Facade Improvement Fund will be limited to participating UEZ downtown businesses on and around Washington and Roosevelt avenues in order to increase the appeal of the downtown as a destination for residents and visitors. These improvements will enhance the overall quality of the UEZ, make the businesses more appealing to customers, and aesthetically impact the entire surrounding area. The improvements will be inviting to Downtown Carteret and help draw more customers to neighboring establishments, thereby creating new and more employment opportunities.

**CARTERET UEZ DOWNTOWN FACADE IMPROVEMENT
MATCHING GRANT PHASE 2 APPLICATION**

Business Legal Name _____

Trade Name (if any) _____

Contact Name _____

Carteret Business UEZ Address where facade improvement will be located
